

\* John Crocker  
Kansas City, Ks. / Wy-Jon  
KSBA Hall of Fame  
Service – 1994

John Crocker has been involved with organized bowling for the past 51 years. He has served as a youth coach in the U. S. and in Japan. While in Japan, he and his wife Wilma organized youth competition and travel leagues among bases, while stationed in the service. He also was involved in the organization of leagues while stationed in Germany.

John has served on the Wy-Jon board of directors for over 20 years, and he is a Life Member of the Wy-Jon Bowling Association. He has served as President and chaired numerous committees of the Wy-Jon Bowling Association. He has been a director for the Kansas State Bowling Association for the past 12 years.

John's bowling has diminished over the last three years, due to health problems, but he still is active in the sport, especially watching his grandson bowl. John's contributions to the game of bowling have helped others learn and enjoy the game, and that is why it is becoming one of the most popular activities in the world. We would like to thank John for all his hard work and dedication to the sport of bowling.
